

## Land Surveyor February 2023

Shipston-on-Stour, Warwickshire.

Storm Geomatics Limited is a specialist survey company that concentrates its resources in surveying for flood risk mapping and modelling and nature regeneration projects. Our company has built a reputation amongst consulting engineers as being one of the leaders in the capture of geo-referenced data for river and flood plain modelling, bathymetric surveys, environmental surveys and water-based construction. Storm Geomatics are looking for surveyors that have standard land surveyor skills and it would be an advantage if you have any of the following – GIS, SUA, mobile mapping, or laser scanning.

### **The career.**

You will be reporting to a senior surveyor who will give you training from our in-house training systems so that you become familiar with our processes and procedures. Professional qualifications within the Chartered Institution of Civil Engineering Surveyors are also attainable on a company scheme and are encouraged if you aspire to move on to senior surveyor level. The work will give you an opportunity to travel all over the UK and the type of projects you will be involved with but not limited to are as follows:

- River Surveys
- Still Water Surveys
- Near Shore Surveys
- Setting Out
- Topographic Surveys
- River Condition Surveys
- SUA Surveys
- Laser Scanning
- Bathymetric Surveys

**The successful applicant would ideally need the following skills and attributes.**

**Have at least three years' experience as a surveyor with a geospatial surveying company.**

Full knowledge and working experience of surveying processes.

Be able to deliver your own surveying projects.

Hardy outdoor type and physically fit.

A real team player with aspirations to grow within the company.

Be able to work away from home Monday to Friday.

Hold a full, clean driving licence.

To be based within easy reach of our office at Shipston-on-Stour, Warwickshire.

Be able to speak fluent English.

Be able to swim.

**You will receive a competitive salary, fully paid overtime, overnight inconvenience benefits, company bonus scheme and the chance to progress your career within the company.**

**Please email your CV and cover letter to [mike.hopkins@storm-geomatics.com](mailto:mike.hopkins@storm-geomatics.com) by 10<sup>th</sup> March 2023.**
